### By bike using the Fast Ferry

#### By bike

FutureLand can easily be reached by bike. To this end, take the Fast Ferry to the Maasvlakte from Hoek van Holland. After arriving with the ferry at Antarcticaweg on the Maasvlakte, it takes about 20 minutes to cycle to FutureLand. You can cycle down the Antarcticaweg from the Fast Ferry pontoon. Turn left at the end. After several minutes, you will see FutureLand on your right hand side.

The Fast Ferry is an experience in itself. On your way over, prepare to be amazed by the container giants and mammoth tankers that sail to and fro. The catamaran will bring you to the Maasvlakte within the space of fifteen minutes. Visit [www.ret.nl](http://www.ret.nl) for the time schedule.
